# DESCRIPTION

- Kedarnath is very well known for being one of the holiest pilgrimage people embark on. Situated at an altitude of over 3583 m, the Kedarnath yatra attracts tourists from all over the world for its impeccable beauty as well as religious beliefs. People flock to the Shiva temple in the hopes of attaining salvation. Kedarnath derives its meaning from the term 'Lord of the field.' The temple is believed to be more than 1,200 years old, which was built by Adi Shankaracharya.
- Head out for a fascinating trek to Chandrashila, the summit of Tungnath, which is prominently known as a famous tourist attraction for high altitude trek lovers. Explore the famous Tungnath Temple - which is one of the highest Shiva temples in the world (12,073 Ft ). Spot the spellbinding glimpses of Nandadevi, Trisul, Kedar Peak, Bandarpunch, and Chaukhamba peaks, the views of which are going to be your rewards for the hike. Later, proceed towards Chandrashila - the 'Moon Rock' summit of the Tungnath.
- The city is situated on the right bank of the Ganges river, at the foothills of the Shivalik ranges. Haridwar is regarded as a holy place for Hindus, hosting important religious events and serving as a gateway to several prominent places of worship. Haridwar along with Ujjain, Nashik and Prayagraj (Allahabad) is one of four sites where drops of Amrit, the elixir of immortality, accidentally spilled over from the pitcher while being carried by the celestial bird Garuda. Brahma Kund, the spot where the Amrit fell, is located at Har ki Pauri (literally, "footsteps of the Lord") and is considered to be the most sacred ghat of Haridwar.
- Rishikesh is located in the foothills of the Himalayas in northern India, it is known as the "Gateway to the Garhwal Himalayas" and "Yoga Capital of the World". Rishikesh is measured to be well-known for its white river rafting.
